

## Alba Thermal Imaging Moves to Norwalk

**A**lba Thermal Imaging, LLC, has moved to a new location at the Total Life Care (TLC) Center in Norwalk. It's been a great move, says Alba's enthusiastic owner, Debbie McIntosh. "The energy at TLC is very welcoming to both practitioners and clients. And of course we're now in a wonderful, easy-to-find location," she says. Alba Thermal Imaging offers a safe, FDA-approved imaging service, Digital Infrared Thermal Imaging (DITI). DITI determines the cause of pain, aids in early detection of disease, and evaluates sensory nerve irritation or significant soft tissue injury. The procedure is painless, noninvasive, and can take as little as 15 minutes. Over the last 20 years DITI has been clinically tested, and in peer-reviewed studies has proven to be an effective, reliable means of detecting disease and pathology in any part of the body. In fact, DITI can detect signs of cancer up to 10 years before any other methods.

*Debbie McIntosh, Owner*

A certified clinical Thermographer, Alba owner Debbie McIntosh moved to the U.S. from Glasgow, Scotland in 1996 and opened Alba in 2006. She has also been a nationally certified and CT-licensed Massage Therapist for over four years, offering a wide range of massage modalities, including deep tissue, sports, orthopedic, precision, pre-natal and Swedish massage, as well as Reiki, often treating cancer patients.

*Alba Thermal Imaging, LLC is located at the Total Life Care Center, 152 East Avenue, Norwalk. For more information contact Debbie McIntosh at 203.856.1421. See ad pg 35.*

## Seeking More Angels on Main Street

**J**oy Ginnow, of Two Angels Real Estate Group in Ridgefield, believes in combining Universal Life Force with Angelic Forces for the highest good. With life force, or chi in mind, Joy was recently certified as a feng shui practitioner after a year-long course with New York City Feng Shui Master Roger Green. Feng Shui blends nicely with real estate in preparing a home for sale by enhancing its energy and showing it in its best possible light to buyers. It is also useful to buyers in locating the house that best matches their personal energy.

*Joy Ginnow with  
Feng Shui Master Roger Green*

Joy began her exploration of the angelic realm after a near-death experience four years ago, and her vision now includes her desire to combine real estate and spiritual services in order to provide a happy home for every child. She became certified in Angel Therapy®, a gentle healing process developed by author Doreen Virtue, PhD. The process is notably effective for emotional healing after divorce or in abuse situations, Joy explains.
